Loving Me Back To Life

Geri Halliwell

I've been looking for love in all the wrong places
Different names, familiar faces
I've watched the moon go through its phases
Now I love myself enough to say
It's time to let you go
Gotta let my feelings show
Don't wanna say goodbye
I wanna thank you for loving me back to life
Do you keep yourself warm with the bridges you're burning
Another day gone but what are we learning
Thank God for the young, they keep the world turning
To win the war is not to play the game
It's time to let you go
Gotta let my feelings show
Don't wanna say goodbye
I wanna thank you for loving me back to life
Love to live, live to love, let it go
Learn to live, just forgive and we can grow
Love to live, live to love, let it show
Love to live, just forgive and now I know
There's no gold beyond the rainbow
But everybody needs to dream
It's time to let you go
Gonna let my feelings show
Don't wanna say goodbye
I wanna thank you
It's time to let you go
Gonna let my feelings show
Don't wanna say goodbye
I wanna thank you for loving me back to life
For loving me back to life
