Leave It Behind

Crowbar

Grown so tired of the burning inside
Rising above
Live confined time to leave it behind
Leave it behindBrick by brick got to tear it all down
Bringing it down
Been so hard got to set myself free
Learn to be freeI'll be strong
Too far to turn back
I'll be strongDay and night got to live with myself
Die with myself
Still I strive that is all I can do
All I can doBrick by brick learn to tear it all down
Bringing it down
Live confined time to leave it behind
Leave it behind, leave it behindI'll be strong
Too far to turn back
I'll be strong
