

Leave It Behind

Crowbar

Grown so tired of the burning inside
Rising above
Live confined time to leave it behind
Leave it behind Brick by brick got to tear it all down
Bringing it down
Been so hard got to set myself free
Learn to be free I'll be strong
Too far to turn back
I'll be strong Day and night got to live with myself
Die with myself
Still I strive that is all I can do
All I can do Brick by brick learn to tear it all down
Bringing it down
Live confined time to leave it behind
Leave it behind, leave it behind I'll be strong
Too far to turn back
I'll be strong
