## **Soul One**

## **Blind Melon**

How come, girl was there when I needed one How come, girl was there when the song is done Some say, open your eyes to a brighter light Okay, open my hart and never lieShe was my soul one Though she felt she was the only one Oh, she was the sun, the sky, blue eyes She was my soul oneI'm inside, pain in my heart often made her cry Outside, I cursed the birds and the sugar sky How long take to realize she's the one How long until I find my lost and lonely soul oneShe was my soul one All you know, she felt like the only one She was the sun, the sky, blue eyes She was my soul oneShould of never taken the time 'Cause I found myself living a lonely lie You said, you left to find yourself But I never, no I never got the chance to say goodbyeOh, she was my soul one Though I thought she was the only one And I thought she was
