Incognito

The Meltones

People [Incomprehensible] hot hips
Runnin', runnin', hot lips
What you want, I got it
He was smooth like a wave cat, coolin' in his Ray-Bans
Incognito in the back of the club
I almost passed him then I came back asked him to explain that
Who you hidin' from in the back of the club
He said I'm hot tonight, wasn't lookin' for nobody
But you lookin' right
Won't you take a seat and let me get up in your mind
Boy you kinda turn me on
I had to get back, sit back then we had a chit chat
Oh, oh, ah, ah, ah, oh, incognito
Oh, oh, ah, ah, away from all the people
(In the back of the club)
Oh, oh, ah, ah, ah, oh, incognito
(We be livin' it up)
Oh, oh, ah, ah, and can't nobody see you
People [Incomprehensible] hot hips
Runnin', runnin', hot lips
What you want, I got it
Boy, you got a hot chick
I was lost in the convo, gettin' me and I know
We can't stay forever in the back of the club
So we sped off into viper, damn I think I like ya
Boy I thought I met you in the back of the club
He said I'm hot tonight, wasn't lookin' for nobody
But you lookin' right
Won't you take a seat and let me get up in your mind
Boy you kinda turn me on
I had to get back, sit back then we had a chit chat
Oh, oh, ah, ah, ah, oh, incognito
Oh, oh, ah, ah, away from all the people

(In the back of the club)
Oh, oh, ah, ah, ah, oh, incognito
(We be livin' it up)
Oh, oh, ah, ah, and can't nobody see you
People [Incomprehensible] hot hips

Runnin', runnin', hot lips
What you want, I got it
Boy, you got a hot chick
All alone there are no other people
'Cause that's how we do, it's like [Incomprehensible] for just you and me
Seems like there's been no one else around us, since I met you
Take me away to some other place
(In the back of the club)
Oh, oh, ah, ah, ah, oh, incognito
(We be livin' it up)
Oh, oh, ah, ah, away from all the people
(In the back of the club)
Oh, oh, ah, ah, ah, oh, incognito
(We be livin' it up)
Oh, oh, ah, ah, and can't nobody see you
(In the back of the club)
Oh, oh, ah, ah, ah, oh, incognito
(We be livin' it up)
Oh, oh, ah, ah, away from all the people
(In the back of the club)
Oh, oh, ah, ah, ah, oh, incognito
(We be livin' it up)
Oh, oh, ah, ah, and can't nobody see you
People [Incomprehensible] hot hips
Runnin', runnin', hot lips
What you want, I got it
