Thinkin' Bout It

Gerald Levert

Girl, I've been waitin' on this day
Better thought you never hear me say
You been creeping around, all over town
Been laying it down, been messin' around
What goes around, always comes around
Baby girl, I thought we was downGirl, I hope you change your freaky ways
'Cause I really wanna stay
Tell me is he the best since I been there
That I should share your underwear
Do you really think he caresAll this time I been sleeping with you
You been sleeping with me
You been stroking him and loving him
And kissing him and hugging himOh, why you been creeping with him
He's been sexing your friends
And I got you thinking about it
Thinking about it, thinking about it
Thinking about itGirl, I think that I should let you know
That I'm gonna have to up and go
If you keep giving it up and cutting up
And acting fast, giving up the ass
I love you but I had enough
Do it again, it's gonna be your lastI can forgive but won't forget
The things you did, you'll soon regret
Ever dissin' me 'cause this could be the end of we
Can't you see, girl, you're hurting meAll this time I been sleeping with you
You been sleeping with me
You been stroking him and loving him
And kissing him and hugging himOh, why you been creeping with him
He's been sexing your friends
And I got you thinking about it
Thinking about it, thinking about it
Thinking about itAll this time I been sleeping with you
You been sleeping with me
You been stroking him and loving him
And kissing him and hugging himWhy you been creeping with him
He's been sexing your friends
Got you thinking about it
Thinking about it, thinking about it
Thinking about itFor the life of me, I just can't conceive

Why I just can't leave you
Why you do this to me, baby
I feel like a fool but what can I do
Your love's got me weak, babyWhy must I endure your constant greed
Your endless need to be so damn freaky
Now I understand 'cause it wasn't me
Yes, play back's a mother babyOh, why tell me why, why are you so freaky
Tell me why are you so freakyAll this time I been sleeping with you
You been sleeping with me
You been stroking him and loving him
And kissing him and hugging himWhy you been creeping with him
He's been sexing your friends
Got you thinking about it
Thinking about it, thinking about it
Thinking about itThinking about it, thinking about it, 'bout it baby
Thinking about it, thinking about it, 'bout it baby
Thinking about it, thinking about it, 'bout it baby
Thinking about it, thinking about it
Thinking about it, thinking about it
