Chaos Radical

Pictureplane

energy continuous
i love it when you get tired of me
no linear mind, stay high
because this is something that you have felt before
i want to be your ritual
i want to be your crime
13 moon with a new time digital mind
it's that new digital crime
are you thinking of me when im thinking of her?
are you stressing me out when im talking about
burning down the world?
are you trying to blend in?
because you always just seem to
please keep blowing my mind
chaos radical
please keep blowing my mind
because you always seem to
