Leave a Light On

Distant Sun

Don't hypnotise me now, you know I can't resist you honey
Don't compromise me now, you know I won't let go but I don't know, no I don't knowDon't complicate it now, you know it feels uneasy honey
Don't try to pull me in, you know I won't let go but I don't know, no I don't knowSo leave a light on by your window girl
Tell me how I can forget you now
'Cos you know, yeah you know that I find it hard to do it so
Please don't let it go this way 'cos it's not rightDon't titillate me now, you know I can't resist you honey
Don't stimulate me now, you say it's not for real but I don't know, no I don't knowSo leave a light on by your window girl
Tell me how I can forget you now
You'll say tomorrow will be different girl
but how can I live the way you showed me how?
'Cos you know, yeah you know that I find it hard to do it so
Please don't let it go this way 'cos it's not rightRight right. No Its not right, right, right
Woah
So leave a light on by your window girl
Tell me how I can forget you now
You'll say tomorrow will be different girl
but how can I live the way you showed me how?
'Cos you know, yeah you know that I find it hard to do it so
Please don't let it go this way 'cos it's not right
