Get Down To It

Humble Pie

I love you Babe
Do you know?
I'll be any place
You want me to go

Save my love for you
Yes I will
When you need love to help you
Do not fear
Sweet sweet Baby
I've found a nurse
I know I can girl
You be my trust

Ooh ee Baby
Ooh ee
Get down and do those things you do to me
You're alright
Oh! Yer!

All the time since
You left your spell on me
Your lovin' set my soul on fire
Your love is my one desire

Ooh ee Baby
Ooh ee
Get down and do those things you do to me
Yer! Yer!

Like didn't I say the rest girl?
Always tryin' to do
Your best girl
I love you girl
Do you know?
I'll be any place
Anytime you want me to go

Ooh ee Baby
Ooh ee

Get down and do those things you do to me
Get on down
Ooh ee Baby
Get on down
