

# Night Shift

## OVERWERK

Working on a night shift, high on a 'fore day drive  
I'm energized from sundown to sunrise and I'll sleep from nine to five  
Shadows fallin' all down the line  
Get ready 'cause it's night shift time  
Living, loving, searching high and low  
Feel the fire, I'm hooked to a live wire and I can't let go  
I got a feeling that I can't mistake  
Sun rises and I'm still awake  
I'll play my music  
I don't mind working over time  
And if I lose it  
I'll come to you and you'll give me peace of mind  
I get home early in the morning  
I love to get next you  
You touch me and you thrill me  
You know what to do  
Working on a night shift, you tell me something's got to give  
I don't mind 'cause I'm feelin' fine and I love the life I live  
Shadows fallin' on down the line  
Get ready 'cause it's night shift time
