

# Mind Over Matter

## Saga

So what's the problem?  
You say you care  
When I really need you  
You're not there This isn't something  
You can rise above  
Do you wanna help or  
Do you want the shove? You say, you need some action  
You say, it's time for a change  
When I hear you talkin'  
You sound so lame Don't things look different  
In the light of day  
But if you get nothin'  
You got nothin' to say Blue sky's today  
You talk about tomorrow like it's just another day  
No more to say  
Don't tell me, you care then look the other way Mind over matter  
If you don't mind it really doesn't matter  
Just don't waste my time Mind over matter  
If you don't mind it really doesn't matter  
You're wasting precious time Say, you've got the answer  
You know what to do  
You're such a fancy dancer  
Who's payin' you? There's such a fine line  
Between love and hate  
You won't know the difference  
Till it's too late Blue sky's today  
You talk about tomorrow like it's just another day  
No more to say  
Don't tell me, you care then look the other way Mind over matter  
If you don't mind it really doesn't matter  
Just don't waste my time Mind over matter  
If you don't mind it really doesn't matter  
Just don't waste my time What's the problem  
You say, you care  
When I try to call you  
You're not there This isn't something  
You can rise above  
I hear you talkin'  
But it's not enough Blue sky's today

You talk about tomorrow like it's just another day  
No more to say  
Don't tell me, you care then look the other wayMind over matter  
If you don't mind it really doesn't matter  
Just don't waste my timeMind over matter  
If you don't mind it really doesn't matter  
You're wasting precious timeMind over matter  
If you don't mind it really doesn't matter  
Just don't waste my timeMind over matter  
You're wasting precious timeMind over matter  
Just don't waste my timeMind over matter  
You're wasting precious timeMind over matter
