

Paper Doll

Aubrie Sellers

Up down left right, all I see
Is little lost girls playing make believe
Oh, it must be fun
Faking smiles at everyone All you are is a paper doll
Cardboard cutout
Just like all the rest of them
That don't know how to stand out
From that one-trick crowd
Oh you're just a paper doll, doll
Dressing up
Go put on your cheap makeup Not always proud of who I am
But at least I know where the hell I stand
I see through you clear as glass
I know [?] don't have my back
All you are is a paper doll
Cardboard cutout
Just like all the rest of them
That don't know how to stand out
From that one-trick crowd
Oh you're just a paper doll, doll
Dressing up
Go put on your cheap makeup Doll, doll
Dressing up
Go put on your cheap makeup All you are is a paper doll
Cardboard cutout
Just like all the rest of them
That don't know how to stand out
From that one-trick crowd
Oh you're just a paper doll, doll
Dressing up
Go put on your cheap makeup Doll, doll
Dressing up
Go put on your cheap makeup
