

# Fall Apart With You

[Alejandro Escovedo](#)

i feel/ i feel like i am fallin/  
and it feels/ it feels like its ok/  
everythings so strange/  
my body doesnt feel the same/  
its all i want/ is to fall apart with you/i first met you/ i first met you outside of phoenix/  
it was a foolish/ a foolish august moon/  
she said her first love was her last/  
so she cries when she hears jonny cash/  
its all she wants/ is to fall apart with me/all i want/ is to fall apart with you/  
all i want/ is to fall apart with you/we aint nothin/ we aint nothin/  
but we are somethin/  
and theres no one/ could ever make us feel so bad/  
we know that nothin ever lasts/  
so we cry when we hear jonny cash/  
its all i want/ is to fall apart with you/all i want/ is to fall apart with you/ X4
