

# Safest Place

Karylle

Oh woah  
Oh woah You're not drowning  
You're not lost  
You're not broken  
You're not starcrossed Keep you far  
Keep you far from what I know  
You'll be fine, you'll be fine  
Just don't look closely now We'll run straight through the valley  
And into where you want it to be  
Swim past the shadows  
In the words that echo off the streets  
If you're looking for truth  
Don't come looking for me  
You're better off not knowing  
Cus you're story  
Is the safest place you'll ever be (Oh woah) I was hoping  
That you'd be fine  
The lies are unfolding  
Cover your eyes Keep you far  
Keep you far from what I know  
You'll be fine, you'll be fine  
Just don't look closely now We'll run straight through the valley  
And into where you want it to be  
Swim past the shadows  
In the words that echo off the streets  
If you're looking for truth  
Don't come looking for me  
You're better off not knowing  
Cus you're story  
Is the safest place you'll ever be (Oh woah) You'll ever be (x2)  
Oh oh oh oh Keep you far  
Keep you far from what I know  
You'll be fine, you'll be fine  
Just don't look closely now We'll run straight through the valley  
And into where you want it to be  
Swim past the shadows  
In the words that echo off the streets  
If you're looking for truth  
Don't come looking for me

You're better off not knowing  
Cus you're story  
Is the safest place you'll ever be (Oh woah)
