

# Sweeter And Sweeter

Alex Parks

One touch intense as pain on my lips  
You laid it bold, I am told of you  
You show me, I want you  
So take me

[Chorus]

You make me sweat  
My body weeps for you  
Sweeter and sweeter  
Trembling but still I stole my breath and you

I fell with ease onto  
Your floor, you're there  
Embrace me  
Its like you knew

[Chorus]

I listen hard, we'd be the same  
I realize the point of my life  
I hold you so close  
So close I won't let go, I don't want to

[Chorus: x2]

And you and you and you
