Rollin'

State Of Shock

How do you tell someone
so close to you
your holding me back
from im meant to do
the more you grow apart
a piece of you knows
if you try to stop me,i'll break your heart (i'll break your heart)
i've seen the places others have gone
its time for me to move on
i've seen the places others have gone
its time for me to move on
Chorus:
Lifes A Rough Road If You Want To Roll With Me
If You Want To Roll With Me
Lifes A Rough Road If You Want To Roll With Me
If You Want To Take A Ride
Feels so close, its not here everyday
and i never forgive you for taking that away
so im going to that place even if its a mistake
dont you try and stop me i will break your heart
(i'll break your heart)

i've seen the places others have gone
its time for me to move on
i've seen the places others have gone
its time for me to move on
Chorus:
Lifes A Rough Road If You Want To Roll With Me
If You Want To Roll With Me
Lifes A Rough Road If You Want To Roll With Me
If You Want To Take A Ride
Some Gonna Stay When They Should've Gone West, Still Breathing My Dust
Lifes A Rough Road If You Want To Roll With Me
If You Want To Take A Ride
How do you tell someone
so close to you
your holding me back
Chorus:
Lifes A Rough Road If You Want To Roll With Me

If You Want To Roll With Me
Lifes A Rough Road If You Want To Roll With Me
If You Want To Take A Ride
Some Gonna Stay When They Should've Gone West, Still Breathing My Dust
Lifes A Rough Road If You Want To Roll With Me
If You Want To Take A Ride
