Our Time Has Come

S Club 7

We're moving on, going strong with new ideas
There's something we can all believe in
We're turning back, we're on the track
Going down our way
And where we're going there's no saying
They will tell you to go this way, that way
Any way but you're way
Never let them fool you
You're the one who knows which way you're going
They will send you forwards, backwards
They will say what you should do
Never listen to them
We're the ones who answer for our actions
Don't you know our time has come?
And we're living it up because the beat is strong
Let's party on tonight
Don't you know our time is here?
And we're turning it up so everyone can hear
Our time has come tonight
Don't you know it?
Woah oh oh, woah oh
Yes, our time has come
Woah oh, oh oh
So here you are, shooting star, you shine so bright
You were told you'd never make it
So now you've heard, spread the word to everyone
An invitation you should take it
(R S V P)
They will tell you to go this way, that way
Any way but you're way
Never let them fool you
You're the one who knows which way you're going
Don't you know our time has come?
And we're living it up because the beat is strong
Let's party on tonight
Don't you know our time is here?
And we're turning it up so everyone can hear
Our time has come tonight
Don't you know it?

Woah oh oh, woah oh
Yes, our time has come
Woah oh, oh oh
I know at times, they can be so unforgiving
And you feel you're on your own

But you'll never be alone
Our time has come
There's a party going on over here
If you want it
Throw your hands up in the air
If you want it
Come and sing along with the Club
If you want it
Hey, hey, hey
There's a party going on over here
If you want it
Throw your hands up in the air
If you want it
Come and sing along with the Club
If you want it
Hey, hey, hey
Don't you know our time has come?
And we're living it up because the beat is strong
Let's party on tonight
Don't you know our time is here?
And we're turning it up so everyone can hear
Our time has come tonight
Don't you know our time has come?
And we're living it up because the beat is strong
Let's party on tonight
Don't you know our time is here?
And we're turning it up so everyone can hear
Our time has come tonight
There's a party going on over here
If you want it
Throw your hands up in the air
If you want it
Come and sing along with the Club
If you want it
Hey, hey, hey
There's a party going on over here
If you want it
Throw your hands up in the air
If you want it

Come and sing along with the Club
If you want it
Hey, hey, hey
Don't you know it?
Woah oh oh, woah oh
Yes, our time has come
Woah oh, oh oh
