I Got The Hoss

Mel Tillis

Hey baby, let me see your brand new saddle
Let's that pretty thing up on my horse
Let's get it on real tight now
'Cause we don't want you falling offWell, I got the horse and you got the saddle
We like to ride side by side
Aw, I got the horse and she got the saddle
Together we're gonna ride, ride, rideIn the moonlight by the river
By the honeysuckle vine
We'll be riding, peeping and hiding
Till we see the morning lightWell, I got the horse and you got the saddle
We like to ride side by side
Aw, I got the horse and she got the saddle
Together we're gonna ride, ride, rideHey, baby, let's stop for a little while
I need to give my old horse a rest
And you know there ain't no use
In us trying to wear out your new saddleHear the crickets singing softly
Never heard a sweeter sound
And you know crickets do their singing
By just rubbing their legs aroundWell, I got the horse and you got the saddle
We like to ride side by side
Aw, I got the horse and she got the saddle
Together we're gonna ride, ride, rideWell, I got the horse and you got the saddle
We like to ride side by side
Aw, I got the horse and she got the saddle
Together we're gonna ride, ride, ride
