

I'm With You

The DeFranco Family

I'm with you wherever you go
I want ya to know that I'm with you
Like a couple of bookends,
We're gonna be close friends
I'm with you, and there's
nothin' much that you can do I'm with you, whatever you say
I'm getting my way, 'cause I'm with you
Like a bird and a feather,
Belongin' together
I'm with you , and I'm stickin' to you
just like I'm glue It's as easy as ABC
If I'm with you, well then you're with me
It's as simple as two plus two
If you're with me , well then I'm with you
