

# Burn It Down

Graham Coxon

This car broke down and it won't go anymore  
This motorbike ain't got no wheels anymore  
This roller coaster ain't no fun anymore  
This skateboard is burnt and just won't roll anymore  
The spaceships came and blew away the town hall  
The towns ripped up with people dead on the floor  
The church fell down and there's no God anymore  
And all the rock stars don't look so sad anymore  
I'll take my money and burn it down  
This ain't so funny, I've had it now  
I know you're gonna kill me man  
Just tell me when it's gonna be  
This tree is dead and it won't grow anymore  
The park's on fire, the sun don't shine anymore  
The zoo exploded at a quarter to four  
And bits of monkeys fall like steaks on the door  
The spaceships came and blew away the town hall  
The town's crammed up with people dead on the floor  
The church fell down and there's no God anymore  
And all the rock stars don't look so sad anymore  
I'll take my money and burn it down  
This ain't so funny, I've had it now  
I know you're gonna kill me man  
Just tell me when it's gonna be  
I'll take my money and burn it down  
This ain't so funny, I've had it now  
I know you're gonna kill me man  
Just tell me when it's gonna be  
Fuck you Starbucks, die!
