

Spin the Bottle

Souleye

Verse 1

Calm cool collective /
Iâ€™ll write a pay check quick /
To a charity if that charity is truthfully /
Helping out communities /
Unity defined as when you and I combine lives together /
Forever now / Incredible be the king without a pedestal /
Queen without a crown Iâ€™m a still bow down /
Show respect to the Earth / Ya Iâ€™ll do it right now /
Through sound waves we create ways to manifest this /
Bliss that weâ€™re looking for /
As I mature my literature shape shifts to a new form /
I took enough notes noticing /
That not enough was ever wrote /
And had to write to find an end then your only close again /
Keep on traveling conscious threads tight yeah never unraveling /
Music for the gathering /
Beats never stop theyâ€™re repeating in my head /
Pure bread multigrain thought food for the soul /
God gave me all I have /
And remarkable control /

Hook

Spin the bottle around / â€œRepeatâ€•

Verse 2

Let luck just leap in to your lap /
Lean back free that /
Compassionate different style kind of rap /
Bring the tribe vibe back /
Sing sweet song symphony /
Strong enough to alter the entire cosmic galaxy /
Songs from the third rock call my heaven hip hop /
Beats never stop theyâ€™re repeating in my head /
Pure bread multigrain thought food for the soul /

God gave me all I have and remarkable control /

Hook

Spin the Bottle Around • Repeat •
