

# Intoxicated

Nusrat Fateh Ali Khan & Michael Brook

I feel you all around me  
Though you're no more in this space  
You're nowhere to be found  
There's not a breath of you in here  
Leaving us behind  
I just can't do it all the way  
And nothing can describe  
The feeling of dancing with this pain  
I toss and turn and then  
I roll on your side of the bed  
I touch your absent face  
No tear will ever bring you back  
I'm broken inside  
And I wish I could go where you went  
I'll fall asleep until I see you  
At the other end  
How can I stand alive  
With only half a life?  
How can I love so hard  
With only half a heart?  
Where do I go from here?  
How do I breath in here?  
I guess it must be true  
I am intoxicated by, you  
I try to store away  
Pictures and little souvenirs  
I found a tone to say I'll be okay

Look, I'm still here  
Lying is my way  
To keep these feet walking around  
While my soul instead  
Has found a way to reach your ground  
How can I stand alive  
With only half a life?  
How can I love so hard  
With only half a heart?  
Where do I go from here?  
How do I breath in here?

I guess it must be true  
I am intoxicated by you, by you  
I guess it must be true  
I am intoxicated by you  
How can I stand alive  
With only half a life?  
How can I love so hard  
With only half a heart?  
Where do I go from here?  
How do I breath in here?  
I guess it must be true  
I am intoxicated by you  
I am intoxicated  
Intoxicated by you
