

We Are The Boyz

Pulp

Ooh / we are the boyz / and we are class / at getting trashed / so make some noize / we
Are the boyz / we are the lads / we sleep with slags / we nick their fags / we got no
Choice / we are the boyz / oh we are the boyz / we don't ask why / because we're alive /
We are the boyz / we are the boyz / we're in the place / so shut yer face / you got no
Choice / we are the boyz / we are the guys / we're getting high / while you're getting by
/ so just make some noize / 'cos we are the boyz / oh we are the boyz / and we don't ask
Why / 'cos we're always right / because we're alive / oh we are the boyz! / we are the
Boyz / and don't look now / 'cos we're coming down / don't make no noize / cos we are the
Boyz / now we are the men / and that was then / it won't happen again / but we had no
Choice / cos we're the boyz / oh we were the boyz / but we're not any more / not now we're
So mature / now we've got insured / because we're not so sure / no we're not so sure / oh
No we're not so sure / not so sure / not so sure as we were / when we were the boyz / we
Were the boyz / oh, we were the boyz / c'mon, we're still the boyz / we're still the boyz
/ oh, we're still the boyz / oh c'mon, we are the boyz / we are the boyz / oh, we are the
Boyz.
