

Rock the House

AC/DC

Mistress, mistress, all night long
Hey, ooh keep on coming
Hard and strong
Hot to the touch
Hot to the taste
Oozin' out on my plate I'm gonna yell out
She's gonna shout
She's gonna push it all the way down
Gonna kick up her heels
Make you scream
Rock on out baby
Make you squeal Rock the house
Rock the house
Rock this house
Rock, rock, rock and then roll Hold on tight, she plays a tease
Squeeze you around, she aim to please
She gonna kick her legs high in the air
She gonna shake it down the hot, wet, wild fare Rock the house
Rock the house
Rock this house
Rock, rock, rock and let it roll Look in my eyes, what do I see
Hot blooded woman just waiting for me
Gonna kick up her heels, make you scream
Rock on out baby, make you squeal Rock the house
Rock the house
Rock this house
Rock, rock, rock and let it roll Rock the house
Rock, rock, rock and let it roll Let it roll
Rock the house down
'Til the walls come down
