

# Dandelion

[Antje Duvekot](#)

Red River, keep on rolling down  
It's been a long time since I let my hair hang down  
I'll take my time before I go under the ground  
Oh dandelion, tell me what you're thinking now

Shape I'm in, I better get back home soon  
I got one eye on the road and one eye on the big black moon  
Dandelion, won't you tell me what to do

Ironsides rusting in the railroad rain  
Now I found out what the Captain of the Morning was saying  
Dandelion, better hope your mother's praying

Dumb luck is only the luck I ever knew  
I'd make a wish but I don't think it'd ever come true  
Dandelion, I guess I'll leave it up to you

Belle Starr, she doesn't have any shoes  
She walks crooked and paints her eyelids blue  
Dandelion, I wanna go there too
