On The Hood

Matt Mays & El Torpedo

You know you're my one and only, right?
And it's rainin' outside
We can make love right here or we can take it to another level
We can stand in the rain and make love on the hood of my car
Sittin' in my bedroom, baby
It's feelin' so good, baby
But now I'm right here
I got an idea
I wanna chase around and not be typical
Let's get up out of this bedroom
'Cause tonight I want you to follow me
I'm never gonna mislead you
You wanna be drenched on the hood of a car, baby
You wanna have sex on the hood of a car, baby
It so good on my car
On the hood of my car, baby
Trench coat, underneath wearin' nothin'
Hood top might been hot
Motor rubbin'
Do like it now
Damn it, look at me
When I give it to you, girl
You better look at me
You wanna be drenched on the hood of a car, baby
You wanna have sex on the hood of a car, baby
It so good on my car
On the hood of my car, baby
Here's a tip of advice if you don't give your girl right
She might end up in another nigger's world sayin', ooh
Baby, don't stop you might be sayin' ooh
Baby, don't stop
I know, girl, that the bedroom is perfect
Perfect for the gangsta type lovin'
But I got somethin' else tonight
I want to do to you
There's one position I haven't have to worry
I swear it won't be so wrong
I just climb on the hood of me
The way you're puttin' it, I can be a man

You wanna be drenched on the hood of a car, baby
You wanna have sex on the hood of a car, baby
It so good on my car
On the hood of my car, baby
You wanna be drenched on the hood of a car, baby
You wanna have sex on the hood of a car, baby
It so good on my car
On the hood of my car, baby
So good, so good
Once ya give it to me
So good, so good
Once ya give it to me
There ain't nothin' but ready
That can hurt his girl
It just a better way
We gonna lay you down, baby
To the ladies in the crowd
If you feel me
Would you scream out loud?
Tell me what you need, baby
This is to the girls
Strictly for the girls
This is to the girls
All the pretty girls
