Timeless sheets of gold
Underneath the sand, here lies a friend
Funeral in my heart
Buried in myself you'll live again
I can't tell you what you want to hear
I can't give you what you need to heal
I can't touch you what you need to feel
My faith is scarred, so help me God
I wish I believed
Miracles are real or so they said
Timeless sheets of gold
Buried in the sand, my friend I wish
I could give you want you need to heal
I can't tell you what you want to hear
I can't touch you what you need to feel
I don't know how I'm dealing with the pain
From what you've been through
All I know is I'm a better human being
Just that I've known you
I don't know how I'm dealing with the pain
From what you've been through
All I know is I'm a better human being
Just that I've known you
What I know is that it kills me
When I think of what you went through
All I know is I'm a better human being
Just that I've known you
My faith is scarred
God, damn you God
