

I Love You Because

[Elvis Presley](#)

I love you because you understand, dear
Every single thing I try to do
You're always there to lend a helping hand, dear
I love you most of all because you're you No matter what the world may say about me
I know your love will always see me through
I love you for the way you never doubt me
But most of all I love you because you're you No matter what may be the style or season
I know your heart will always be true
I love you for a hundred thousand reasons
But most of all I love you because you're you
