

# Another Day On The Battlefield

## Smash Into Pieces

I've seen those eyes looking for paradise  
something's wrong what have you done?

I care for you, do you still care for me?

I fear one day you will be gone

We fight, we try

We break, we cry

Deep down I know how this is

You will bury me in sorrow, leaving no tomorrow

It's another day on the battlefield

Always ending with this feeling
