

# Surround Me

[Star74](#)

They say no man's an island but I tend to disagree  
I guess they've never seen my island and where it lies at sea  
I'm lost inside my memory I'm still in disbelief  
If I could paint a picture for you this is what you'd see  
I'm down on my knees  
Begging you to rescue me  
Please stop me don't let me run  
Surround me, surround me now  
A wounded man sounds desperate when he's lost all his belief  
Can you look into my eyes and say you won't betray me  
We're running out of time how precious time can be  
I'm counting all the moments of the times you could have helped me

I'm down on my knees  
Begging you to rescue me  
Please stop me don't let me run  
Surround me, surround me  
I'm down on my knees  
Begging you to rescue me  
Please stop me don't let me run  
Surround me, surround me  
Surround me now  
Surround me now
