

Knock Me Down (Long Version)

Red Hot Chili Peppers

Never too soon to be through
Being cool too much too soon
Too much for me too much for you
You're gonna loose in time Don't be afraid to show your friends that you hurt inside, inside
Pain's part of life, don't hide behind your false pride
It's a lie, your lie If you see me getting mighty if you see me getting high
Knock me down
I'm not bigger than life If you see me getting mighty if you see me getting high
Knock me down
I'm not bigger than life I'm tired of being untouchable
I'm not above the love
I'm part of you and you're part of me
Why did you go away
Finding what you're looking for
Can end up being being such a bore
I pray for you most every day my love's with you now fly away If you see me getting mighty, if you see me
getting high
Knock me down
I'm not bigger than life If you see me getting mighty, if you see me getting high
Knock me down
I'm not bigger than life If you see me getting mighty, if you see me getting high
Knock me down
I'm not bigger than life If you see me getting mighty, if you see me getting high
Knock me down
I'm not bigger than life If you see me getting mighty, if you see me getting high
Knock me down
I'm not bigger than life If you see me getting mighty, if you see me getting high
Knock me down
I'm not bigger than life If you see me getting mighty, if you see me getting high
Knock me down
I'm not bigger than life It's so lonely when you don't even know yourself
It's so lonely
It's so lonely when you don't even know yourself
It's so lonely
It's so lonely when you don't even know yourself
It's so lonely
