

# Love Chases After Me

[Mindy Smith](#)

Got a lot on my heart, it's burning  
Gone for a while, returning  
The sun is coming up with bluer sky  
Got a weight off my chest, the gifted  
Peace of mind and I'm lifted  
It's time for getting out, it's been too long  
I thought I found it in my shelter  
I thought I found it in my dreams  
In the midst of all the doubting  
Your love chases after me  
It's the time of my life so I'm livin'  
Stand up and shout this feelin'  
Walkin' down the city streets, neon lights  
I don't know why I fought against it  
I don't know why I wouldn't see  
Despite my walls and all my fences  
Your love chases after me  
Your love chases after me  
I thought I found it in my shelter  
I thought I found it in my dreams  
In the midst of all the doubting  
Your love chases after me  
I don't know why I fought against it  
I don't know why I wouldn't see  
Despite my walls and all my fences  
Your love chases after me  
Your love chases after me
