

Where You Are

Rascal Flatts

There you are standin' strong
I'm a leaf holdin' on
You believe like a child
In this fire running wild
Oh, I love how you see
Right to the heart of me You're a waterfall
Washin' over me
I'm a thirsty man
Let me drink you in I am on my way
You're a mountain top
When I reach for you
Your love lifts me up All that I want is to be
Where you are I'm the frozen ground, you're the warm sunlight
Shinin' down on me, baby, just in time
I have never been in love like this
Oh, you move my soul everytime we kiss
And I love how you heal
I can't believe how alive I feel, yeah You're a waterfall
Washin' over me
I'm a thirsty man
Let me drink you in I am on my way
You're a mountain top
When I reach for you
Your love lifts me up All that I want is to be
Where you are
Where you are You're a waterfall
Washin' over me
I'm a thirsty man
Let me drink you in I am on my way
You're a mountain top
When I reach for you
Your love lifts me up You're a waterfall
Washin' over me
I'm a thirsty man
Let me drink you in I am on my way
You're a mountain top
When I reach for you
Your love lifts me up
