Naked

Tiffany Evans

(Intro)
1, 2, 3
1, 2, 3(Verse)
Layer by layer I put it on
I play the role, wear the clothes
Every day I perform
They think it's me underneath this disguise
But the real Tiffany's somewhere trapped on the inside(Pre-Chorus)
Strippin me down, lifting this weight off
I feel so speechless
I've finally let go of being sheltered from the world
As they know me, it's all a lie
The truth they will finally see in me(Chorus)
Wanna get out of these clothes
Sack em up and burn em
I don't want em
Wanna be girl I used to know
Just wanna be exposed
Gotta take my life back
Empty out my closet
I've gone out of it
I can let the world just see
I'd rather be nakedNaked
Naked(Verse)
I'm watching this world 'cus they watch me
They're thinkin everything they see is what it really be
Oh, they don't wanna stand
I'm my own woman
I'm tryin to live my life
But with despite I can't let go(Pre-Chorus)
Strippin me down, lifting this weight off
I feel so speechless
I've finally let go of being sheltered from the world
As they know me, it's all a lie
But the truth they will finally see oh(Bridge)
You're naked
You're naked(Chorus)
Wanna get out of these clothes
Take em off and burn em

I don't want em
Wanna be girl I used to know
Just wanna be exposed
Gotta take my life back
Empty out my closet
I've gone out of it
I can let the world just see
I'd rather be nakedWanna get out of these clothes
Take em off and burn em
I don't want em
No
Gotta take my life back
Empty out my closet
I've gone out of it
I'd rather be naked
