

# Hi Ho

## Full Service

Where's the heat? Where's the feeling?  
Stomp the floor, hit the ceiling  
Claustrophobia's a real thing  
Trade my thoughts for all your instinct

(Chorus)

Hi ho I'm a bad man with a blackened soul  
Hi ho I will blind you, tempt you with my gold  
With my gold, so much gold  
I'll blind you with my gold  
Hi ho I'm a bad man with a blackened soul

Gone mad  
Out to sea again  
Mates are all sick  
And some are dead  
Thunder drives the night,  
Rain is permanent  
It's permanent  
And it won't relent  
All night

The mast is gone  
The hull is creaking  
It's wet in the bunk  
The deck is leaking  
You think you hear the water speaking  
Your mind is lost  
You're imagining things

(Chorus)

Hi ho I'm a bad man with a blackened soul  
Hi ho I will blind you, tempt you with my gold  
With my gold, so much gold  
I'll blind you with my gold  
Hi ho I'm a bad man with a blackened soul

Gone mad  
Out to sea again

Mates are all sick  
And some are dead  
Thunder drives the night,  
Rain is permanent  
It's permanent  
And it won't relent  
All night

(Guitar Riff)

(Chorus)

Hi ho I'm a bad man with a blackened soul  
Hi ho I will blind you, tempt you with my gold  
With my gold, so much gold  
I'll blind you with my gold  
Hi ho I'm a bad man with a blackened soul
