

Cool Like That

EinsteinBarbie

Cool Like That Uno, Dos, Tres, Cuatro Cool like that, cool like
Cool like that, cool like Like ice cream on a summer day
Like water on your back or in your neck
Like the sound of the rocks in my glass
And the way your sunglasses jazz Like champagne in the morning sun
Like a movie scene with mister Bond
Like the sound of my heart beating fast
And the way I slip from my dress Like freezing baby please
You're teasing with that ease
You're easing in the breeze
You're sweet like honey bees Like that
Like that (like what?)
Like that (like what?) Like a kitty cat! Cool like that, cool like
Cool like that, cool like
Cool like that, cool like
Cool like that, cool like Like frosted smiles frozen kiss (hmmmm)
I lick your lips
Chocolate vanilla making you chilla
Doing me like this Like freezing baby please
You're teasing with that ease
You're easing in the breeze
You're sweet like honey bees Like that (like what?)
Like that (like what?) Like a kitty kitty cat (meow)
Like that Cool like that, cool like
Cool like that, cool like
Cool like that, cool like
Cool like that, cool like Freeze me like that
Freeze me like that
Freeze me like Oh baby you're so frosty
Baby, baby freeze me like that Chocolate vanilla making me chilla
Ice cool kisses for the Mrs.
