In Public (feat. Nas)

Kelis

See it's this thing, Kelis
I like bein' seen outside
In my ride, your tasty
I like it everywhere, cookies tasty
Tasty
Yeah, let's goHe was next to me
Our flight was supposed to leave around 2:53
All I wanted to see
Is what would he do if I drop down to my kneesI wanna play your game
Is someone comin' it don't matter just the same
Try something fun with me
Let's take our clothes off all over the balconyLet's get it on in public
Just let it go I promise that you'll love it
Oh daddy, don't you wanna be my subject?
Ooh, let's get it on in public, oohDon't try to run from me
I'll make your toes curl up and make your body scream
Come take a walk with me
We can do it over there by all the trees
Drive this car real fast
I'll lay my head down and I'll make your body blastLet's get it on in public
Just let it go I promise that you'll love it
Oh daddy, don't you wanna be my subject?
Ooh, let's get it on in public, oohLet's make a movie baby
Can we get away with it
All lights on
I like it when we do it to this songLet's make a movie baby
Can we get away with it
All lights on
I like it when we do it to this songThe pussy or the mouth, that is the question
Like Shakespeare but my erection is the case here
I ain't got time to drive you all the way home
But instead I can slide you to a club bathroomOr a restaurant mens' room then I can zoom in your womb
We both get what we want then we can assume
We doin' what we was smokin' that bud and chillin'
But first I gotta nut before anything you willin'?You wit it, it's animal behavior
Let's shake, I forgot who the sexy beast ma who slays ya
This is for the major who love the natural love makin'
Outdoors, On the hood of your carNas is good at it all when it comes to gettin' it raw
Do I have to convince ya naw

We don't need hotel key, we jump in the truck and stain everything up
Slide your G string upLet's get it on in public
Just let it go I promise that you'll love it
Oh daddy, don't you wanna be my subject
Ooh, let's get it on in public, oohLet's get it on in public
Just let it go I promise that you'll love it
Oh daddy, don't you wanna be my subject
Ooh, let's get it on in public, ooh
