## **Plans**

## **Birds of Tokyo**

We made plans to kiss the sun at night Hopeless dreamers, hopeless times Shedding skin you show your beauty scars Don't forget me or who you are You know this don't feel right Who knows what we feel? I just met you I can read your thoughts What they tell me is what I want I'll keep you guessing keep you wanting more 'Cos where we're going no one knows You know this don't feel right Who knows this could feel right just met you, I swear I read your thoughts So don't forget me or what you wantLight up the stage, make your move, give me something So I can dance in your light and to your rhythmSoon it unfolds who we are in this masquerade of stars Tear off the mask, the face you hide is what I'm missingWe made plans to kiss the sun at night Hopeless dreamers, hopeless types One was turning, one was standing still I won't forget what was promised here You know this don't feel right Who knows what we feel?
