White Paper

Finley Quaye

You've got to have your fantasy
Live and let live, don't be negative
Don't you take my, my libertyBoys and their toys bring the noise
Don't you hide my, my history
Satan's side, wild side
Don't you shake my realityYou've got to have your fantasy
Live and let live, don't be negative
Don't you take my, my libertyBoys and their toys, bring the noise
Don't you hide my, my history
Satan's side, wild side
You can't break our unity
