

White Paper

[Finley Quaye](#)

You've got to have your fantasy
Live and let live, don't be negative
Don't you take my, my liberty Boys and their toys bring the noise
Don't you hide my, my history
Satan's side, wild side
Don't you shake my reality You've got to have your fantasy
Live and let live, don't be negative
Don't you take my, my liberty Boys and their toys, bring the noise
Don't you hide my, my history
Satan's side, wild side
You can't break our unity
