Silent Tears

Bad Brains

Listen to the lock
Listen to the lock
Brandish apart
Culture in a thought
Intricately wrought
Now let's see what you got
I Lord yeah, I Lord yeah
to invoke again
Upon Jah I lean, Sir
Take away the cringeIn the sea nets are cast for most
Still don't stop, don't stop
Hyper spots and their likes with them,
Stay away from our cropsListen to your heart
Listen to your heart
What have you bought?
Open up your pot
Dem guy now fe stop
Recognize silent tears
let the children of Zion
be joyful in their king
Bring I soul out of prison,
that I may praise thy nameIn the sea nets are cast for most
Still don't stop, don't stop
Hyper spots and their likes with them,
Stay away from our crops
