

# Silent Tears

## Bad Brains

Listen to the lock  
Listen to the lock  
Brandish apart  
Culture in a thought  
Intricately wrought  
Now let's see what you got  
I Lord yeah, I Lord yeah  
to invoke again  
Upon Jah I lean, Sir  
Take away the cringeIn the sea nets are cast for most  
Still don't stop, don't stop  
Hyper spots and their likes with them,  
Stay away from our cropsListen to your heart  
Listen to your heart  
What have you bought?  
Open up your pot  
Dem guy now fe stop  
Recognize silent tears  
let the children of Zion  
be joyful in their king  
Bring I soul out of prison,  
that I may praise thy nameIn the sea nets are cast for most  
Still don't stop, don't stop  
Hyper spots and their likes with them,  
Stay away from our crops
