Silent Tears

Bad Brains

Listen to the lock Listen to the lock Brandish apart Culture in a thought Intricately wrought Now let's see what you got I Lord yeah, I Lord yeah to invoke again Upon Jah I lean, Sir Take away the cringeIn the sea nets are cast for most Still don't stop, don't stop Hyper spots and their likes with them, Stay away from our cropsListen to your heart Listen to your heart What have you bought? Open up your pot Dem guy now fe stop Recognize silent tears let the children of Zion be joyful in their king Bring I soul out of prison, that I may praise thy nameIn the sea nets are cast for most Still don't stop, don't stop Hyper spots and their likes with them, Stay away from our crops
