I make you weak at the knees- ah oh uh

Aaaah! it's so heavy Uh come along uh we gonna jam
Come alone ah would-cha let me hold hand yiiiia!
Uh come along it uh be so nice

I'll make you feel like you never had in life babe I don't know if your ready or not sugar baby
Your acting funny but you haven't told no yet honey
I know its moist girl I see it in your eyes

Oh baby I can't stop til I tantalize you tonight I make you weak at the knees
Make you feel alright- yiiiia!
I'll make you weak at the knees
Make you feel alright- yes so heavy

I'm gonna give you anything you want sugar baby
I'll make you feel alright today- oouch!
I got the touch in the clutch
Man all the know to make you stay

To make you my baby yiihhh I'll give you money honey, if that's what you need
To make you want to be with me
Ah tut-tut-tut uh ooooh!
I'd like to make this love affair tonight

I said I feel alright ooh iiiii I make you weak at the knees
Do you hear what I say
I make you weak at the knees- baby
Oouh! If you want a tattoo oh oh
I make you weak at knees

I'm your main hard throb I'll do all night make you hot
I make you weak at the knees- classic sound heavy
Don't you know I want you
Well I heard- I heard you were hard to satisfy

And I heard- I even heard that men tried and were denied
And I heard- she said what heard about me is really true
And I heard- ooouh! And the same goes for you
