

Like a River

Jonas

Baby i believe in you, oh you know that i do.
Nothing remains the same, Lord knows what i do

Senseless conversations float around the room
but my mind's on something else
like falling in love with you

cant remember who said it love is just a game
its gone in a minute wonder why you didnt play
oh let it go oh let it flow like a river, oh like a river

Open sense of wonder am i wrong or am i right
the time that i discovered you'll be gone long gone
long gone and ill be sad

Baby i believe in you oh you know you know
you know you know that i do
nothing remains the same lord knows what i do
senseless conversations float around float around the room
but my mind but my mind my minds on something else
like falling in love falling in love falling in love with you

Oh cant remember who said it
love is just a game when its gone
its gone in a minute and you wonder why
you wonder why you didnt play oh let it go
ooh just let it flow like a river oh like a river.
flow like a river baby
