Me I See In You

Naked Eyes

Don't turn your nose up at the girls in the streets
'Cuz one of these days you'll see
You might be laughing at somebody you meet
But, it could be you or meI can't believe it
It's all there for you to see
I can't believe it, ahMe I see in you
I see me in you
Me I see in you
I see me in the things that you doYou might be lucky and have all that you need but
You know it comes and goes
You have to smile to hide the pain in your heart but
Now and then it showsI can't believe it
It's all there for you to see
I can't believe it, ahMe I see in you
I see me in you
Me I see in you
I see me in the things that you do, ahMe I see in you
I see me in you
Me I see in you
I see me in you
I see me in you
(I see me in you)
I see me in you
(I see me in you)
I see me in you
(I see me in you)
In the things that you do
I see me in you
