

Sugar

Garbage

Give me sugar
Give me something sweet
I've spent a lifetime feeling incomplete
If I sound bitter or if I've come too late please reconsider
I don't need much on my plate
Just give me sugarDon't come close
Please keep at a distance
Look but don't touch till the light goes on
Silence in line, please wait at the window
Don't touch the glass til the curtain callsWait, wait, don't make me wait
Wait, wait, don't make me wait
Just give me sugarGive me sugar
Give me something deep
Don't make a habit of crawling on my knees
But this is different
Can't you see I'm in control
This is the moment where all your dreams have flown
Just give me sugarDon't come close
Please keep at a distance
Look but don-t touch till the light goes on
Silence in line, please wait at the window
Don't touch the glass til the curtain callsWait, wait, don't make me wait
Wait, wait, don't make me wait
Just give me sugarTo hook her on
Sugar to hook her on
Some sugar to hook her on
Sugar to hook her onOh won't someone love me
Won't someone love me
Won't someone love me
Won't someone love me
Like you, like you, like you, like you
Someone like you
