

# Peace of Mind

## Dead By April

Staying within your comfort zone  
May feel saved, but it can have you fooled  
It's treacherous  
It's deceiving You will not achieve peace of mind if you don't leave the past behind  
No. No. No. No. No.  
Make up with it once and for all, and never ever again you'll fall  
No. No. No. No. No. Beating around the bush is pointless  
You need to bring down the walls you've built up  
Surrounding you  
Surrounding you. You will not achieve peace of mind if you don't leave the past behind  
No. No. No. No. No.  
Make up with it once and for all, and never ever again you'll fall  
No. No. No. No. No. You need to dig deep  
You need to work hard. We don't have much time  
Why don't make out the best of it?  
Ye- heaaah You will not achieve peace of mind if you don't leave the past behind  
No. No. No. No. No.  
Make up with it once and for all, and never ever again you'll fall  
No. No. No. No. No.
