Walk Alone

Stereoside

Many days alone
Many nights I'm weak
I pick the bottle up yeah yeah
Cause it helps me sleep
And I think of you
I wonder where you are
The more that I drink, the more I'm convinced that you'll come
And I might lose my way for a while until it's clear
And I might lose my waySo I walk alone
Searching for the truth
The reasons still unknown
The road I'm on it leads me back to you
Searching for the truth
The reasons still unknown
The road I'm on it leads me back to youMany times I've tried
Well many times I've failed
But the more that I push
The further I get
The more I prevail
And I might lose my way for a while until it's clear
And I might lose my waySo I walk alone
Searching for the truth
The reasons still unknown
The road I'm on it leads me back to you
Searching for the truth
The reasons still unknown
The road I'm on it leads me back to youAnd I might lose my way for a while until it's clear
And I might lose my waySo I walk alone
Searching for the truth
The reasons still unknown
The road I'm on it leads me back to you
Searching for the truth
The reasons still unknown
The road I'm on it leads me back to youMany times I've tried
Well many times I've failed
But the more that I push
The further I get
The more that I prevailAnd I might lose my way for a while until it's clear
And I might lose my waySo I walk alone

Searching for the truth
The reasons still unknown
The road I'm on it leads me back to you
Searching for the truth
The reasons still unknown
The road I'm on it leads me back to you (to you)
It leads me back to youI put the bottle down
But I still think of you
Do you remember me?I walk alone
Searching for the truth
The reasons still unknown
The road I'm on it leads me back to youBack to you
Back to you
Back to you yeahIt leads me back to you
