She Comes In Colors

Love

A thought in my head I think
Of something to do
Expressions tell everything
I see one on youWoh woh woh woh my love she comes in colors
You can tell her from the clothes she wearsWhen I was invisible
I needed no light
You saw right through me, you said
"Was I out of sight?"Woh woh woh woh my love she comes in colors
You can tell her from the clothes she wearsWoh woh woh woh my love she comes in colors
You can tell her from the clothes she wearsWoh woh woh woh my love she comes in colors
You can tell her from the clothes she wearsWhen I was in England Town
The rain fell right down
I looked for you everywhere
Till I'm not aroundWoh woh woh woh my love she comes in colors
You can tell her from the clothes she wears
